Five Acre Wood School is an outstanding all-age (5-19) day District Special School for children and young people with Profound, Severe, and Complex Learning Difficulties, including Autistic Spectrum Disorder based across five sites in Kent. We have over 860 pupils across our facilities and over 460 wonderful support staff.

Our charitable arm – Friends of Five Acre Wood and Grow 19 supports our pupils throughout their time at School and continues to support them if they move onto Grow 19, which is a small College for learners aged 18-25 with SEND.

The charity's objective is to advance the learning and opportunities for all our pupils, and this is done by engaging in fundraising activities and event organisation that will provide additional, non-statutorily funded resources and income.

All proceeds from the evening will be used towards the renovation of our exciting project the “7FAW7” which is a visionary initiative to repurpose a retired Airbus A319 airplane fuselage into a cutting-edge library.

This initiative will not only provide a unique and inspiring learning environment for our pupils but will also foster community engagement and support. Through collaboration with aviation experts and local stakeholders, the project will create a ground-breaking educational space that goes beyond the limits, promoting inclusivity, creativity, and enhanced learning experiences for all at Five Acre Wood School.
